Why Spay and Neuter?

- ✓ You will do your part to prevent the birth of unwanted puppies and kittens.
- ✓ Help protect against some serious health problems.
- ✓ May reduce many of the behavioral problems associated with the mating instinct.

To schedule spay/neuter appointments, call 1-844-SpayPet

Low-Cost Spay Neuter Services

Our low-cost spay/neuter program is open to anyone in need of spay/neuter services for their dogs or cats. Friendly owned cats must be in a hard sided, individual carrier and dog must be on a leash.

Appointment Required, please see reverse side for rates.

State Program

If you are receiving approved state public assistance programs, you may qualify for the state subsidized spay/neuter program which includes a rabies vaccination for just \$20 per pet. (up to 2 pets)

Once approved, you will receive a voucher and may choose a provider, including our shelter's clinic, which accepts state spay/neuter certificates.

To apply for the state program, please apply online at fixedandfab.com. Once you receive your voucher through the mail, call us to schedule your pet for their procedure.

T-N-R (Trap-Neuter-Return) for Community Cats

Trap-Neuter-Return is the humane and effective approach for stray and feral cats. Cats are humanely trapped, spayed or neutered and vaccinated. After recovery, the cats are returned to their home (their colony) outdoors.

T-N-R stops the breeding cycle of cats and therefore improves their lives while preventing reproduction.

\$55 - includes Spay/Neuter, Rabies and ear tip

All cats participating in this program must be in a humane trap.

T-N-R services are currently by appointment only. Please call to schedule.

All community (feral) cats **must be in humane traps and covered by a sheet** to reduce stress while they are in our care. Pick-ups are the same day. Please call and coordinate scheduling with the clinic.

Cats arriving for TNR and not in humane trap will be declined for surgery.
