Independent Auditor's Report

Board of Directors Faithful Friends, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Faithful Friends, Inc., which comprise the statements of financial position as of June 30, 2020 and 2019, the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors Faithful Friends, Inc. Page 2

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Faithful Friends, Inc. as of June 30, 2020 and 2019, and the results of its changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 6, the worldwide spread of the COVID-19 virus has resulted in adverse economic effects for many businesses and has negatively affected Faithful Friends, Inc., however, the related impact and duration cannot be reasonably estimated at this time. Our opinion is not modified with respect to this matter.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020 AND 2019

Note 1 - The Organization

Faithful Friends, Inc. (the "Organization") was established in 2001 to render services towards helping the State of Delaware reverse its 90% kill rate for homeless animals to a 90% or better save rate. The Organization protects homeless, abused, and neglected pets (primarily dogs and cats) through rescue, shelter, adoption, spay/neuter, and other services. It also provides pet retention services to help keep pets with their families or in the communities that care for them. Pet retention services include, among other things, free and low cost veterinary care. The Organization's services reach the entire State of Delaware as well as other surrounding states' communities.

Note 2 - Summary of Significant Accounting Policies

This summary of significant accounting policies of Faithful Friends, Inc. (the "Organization") is presented to assist in understanding the Organization's financial statements. The financial statements and notes are representations of the Organization's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Financial Statement Presentation

The Organization reports information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from donor restrictions. Donor restricted

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020 AND 2019

contributions whose restrictions are met in the same reporting period are reported as contributions without donor restrictions.

Unconditional promises to give are measured at fair value when the pledge is received. The fair value of unconditional promises to give is determined using the present value of estimated future cash flows.

Donated Goods and Services

Services received as donations are recorded at their fair values at the date of receipt. Donated goods and services were \$170,228 and \$9,480 for the years ended June 30, 2020 and 2019, respectively, and are included in revenue and expenses.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all unrestricted highly liquid investments with a maturity of three months or less to be cash equivalents.

Investments

Investments are recorded at fair value. Gains, losses, dividends and interest are recorded as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or by law. Investments in which the fair value is less than the required amount to be maintained by donors, or by law, are reported as a reduction in net assets with donor restrictions.

Advertising Expense

The Organization expenses advertising costs when incurred.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020 AND 2019

The Organization's operating costs have been allocated between program services, management and general, and fundraising expenses based on direct identification when possible, and allocation if a single expenditure benefits more than one function. Expenditures that require allocation are typically allocated on either a personnel-cost or square-footage basis, whichever is more reasonable for the expenditure.

Property, Equipment, Donated Assets and Depreciation

Assets are stated at cost unless they are donated. Donated assets are stated at their fair values as of the date of the donation. When assets are sold or otherwise disposed of, the cost and accumulated depreciation are removed from the respective accounts and any gains or losses on such disposition are recognized in the statements of activities.

Depreciation is provided on a straight-line basis over the estimated useful lives of the assets.

Fair Value Measurements

The Organization follows Accounting Standards Codification (ASC) 820-10, "Fair Value Measurements." ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.
- <u>Level 2</u> Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020 AND 2019

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

<u>Level 3</u> Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Investments: Investments are held in custodian accounts. Investments consist of common stocks, exchange traded funds, mutual funds, money market accounts, certificates of deposit, and municipal bonds. Common stocks, exchange traded funds, mutual funds, and money market accounts are valued at closing market prices reported on the active market on which the investments are traded. Municipal bonds are valued based on the market values reported on the account statements provided by the custodian to the Organization. The maturity date of the municipal bond is December 2020. The municipal bond is comprised of obligations due from the state of Indiana. Certificates of deposit are valued using spreads over various interest rate curves depending on the term of the certificate of deposit. Spreads are obtained from new issue markets or direct dealer quotes.

<u>Investment - Delaware Community Foundation</u>: The Organization has pooled funds which are held with the Delaware Community Foundation (DCF). The Organization relies on the investment information as reported by the DCF. The underlying investments held by DCF are primarily mutual funds held in accordance with DCF's investment policy.

<u>Contributions Receivable:</u> Valued at the present value of estimated future cash flows of unconditional promises to give using a discount rate.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Liquidity and Availability of Financial Assets

The primary and overriding investment objective for the Organization's investment portfolio is to preserve the capital of the funds. Invested funds are to be in cash or cash equivalent investments with legal maturities of one year or less. The Organization, with guidance from the Board of Director's Finance Committee, invests cash in excess of its short-term requirements in conservative investments such as money market accounts, certificates of deposit, and U.S. Treasury bills. As of June 30, 2019, the Organization held a brokerage account which it received from an estate. Such brokerage account contained mutual funds, exchange traded funds and closed-end funds. The account was closed in December 2019.

The following reflects the Organization's financial assets as of June 30, 2020, reduced by amounts not available for general expenditures because of contractual or donor-imposed restrictions and available within one year of the balance sheet date.

Recent Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). The guidance in this ASU supersedes the leasing guidance in Topic 840, Leases. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard is effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. In June 2020, the FASB issued ASU 2020-05 which defers the effective date of ASU 2016-02 making it effective for annual reporting periods beginning after December 15, 2021. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The Organization is currently evaluating the impact its pending adoption of the new standard will have on the financial statements.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020 AND 2019

In May 2014, FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606), requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In June 2020, FASB issued ASU 2020-05 which permits private companies the option to defer the effective date of ASU 2014-09 one year making it effective for annual reporting periods beginning after December 15, 2019. The Organization has elected to opt for this deferral. The Organization has not yet selected a transition method and is currently evaluating the effect that the standard will have on the financial statements.

The Conditional Promises to Give are not recognized in public support and revenue for the years ended June 30, 2020 and 2019 and will be recognized as revenue when the respective conditions are met in future years.

Note 5 - Financial Instruments

Faithful Friends, Inc. maintains cash accounts at high quality financial institutions. These accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000. The balances, at times, exceed federally insured limits. However, management does not feel it is exposed to any significant credit risk with respect to uninsured balances maintained at these financial institutions.

Note 6 - Commitments and Contingency

The Organization leases its office and shelter space. The lease agreement requires monthly rental payments ranging from \$4,688 to \$4,829 and expires in June 2022. The Organization also entered into a lease for an auxiliary building at 10 Germay Drive. The lease agreement requires a monthly rental payment of \$1,175 and renews annually unless notice of 120 days is given. The Organization also entered into a lease for a second auxiliary building at 10 Germay Drive. The lease agreement commenced in January 2017 and requires

monthly rental payments of \$1,175 and renews annually unless notice of 120 days is given. Rent expense related to these operating leases totaled \$83,285 and \$84,461 for the years ended June 30, 2020 and 2019, respectively. Future payments due under the leases are as follows:

Fiscal year ended:

\$ 56,260
 57,947

<u>Total</u> <u>\$114,207</u>

In July 2018, the Organization entered into a contract with a construction manager for the construction of the Pet Adoption and Community Resource Center, which includes both a preconstruction phase and a construction phase. The Organization has a commitment for preconstruction phase services in the amount of \$42,000. The cost for the construction phase has not yet been determined and will be established by way of execution of a guaranteed maximum price amendment to the contract. Prior to execution of the amendment, the contract may be terminated by the Organization or the construction manager before the construction phase commences.

The worldwide spread of the COVID-19 virus has resulted in adverse economic effects for many organizations resulting from interruptions in the supply-chain, diminished ability for customers to buy and timely pay, business interruptions and potential effects on the labor force resulting from mandated quarantines, government ordered shutdowns and stay at home orders.

The broader and longer-term implications of the COVID-19 pandemic on the Organization's financial performance remain highly uncertain, and therefore the Organization cannot predict the full impact the pandemic, or any resulting market disruption and volatility, will have on business, cash flows, liquidity, financial condition and results of operations at this time. The ultimate impact will depend on future developments, including, among others, the ongoing spread of COVID-19, the consequences of governmental and other measures designed to prevent the spread of the virus, the implementation of effective treatments, the duration and severity of the pandemic, actions taken by customers, suppliers and other third parties, workforce availability, and the timing and extent to which normal economic and operating conditions resume and continue.

Additionally, it is reasonably possible that estimates made in the financial statements may be negatively impacted in the near term as a result of the present situation.

Note 8 - Note Payable - Paycheck Protection Program

In response to the coronavirus (COVID-19) outbreak in 2020, the U.S. Federal Government enacted the Coronavirus Aid, Relief, and Economic Security Act that, among other economic stimulus measures, established the Paycheck Protection Program (PPP) to provide small business loans. In April 2020, the Company obtained a PPP loan for \$347,047. The note matures in May 2022 and bears interest at a fixed annual rate of 1%, with the first six months of interest deferred.

Under the program, if the funds are used to pay payroll and other allowable costs and if certain other conditions are met, the loan may be forgiven upon application to and approval by the U.S. Small Business Administration. As of the date these financial statements are available to be issued, management has determined that all conditions for forgiveness have been substantially met as of June 30, 2020 and intends to submit application for such forgiveness. As of the date of these financial statements are available to be issued, management had determined that all conditions for forgiveness have been substantially met as of June 30, 2020. The Organization applied for and received forgiveness of the entire balance in January 2021.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020 AND 2019

Note 9 - Income Tax Status

The Organization qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3) and its activities are not subject to income tax.

Management evaluated the Organization's tax positions and concluded that the Organization had taken no uncertain tax positions that require adjustment to the financial statements.

Note 10 - Net Assets With Donor Restrictions

Net assets with donor restrictions consisted of the following:

	June 30,	
	<u>2020</u>	<u>2019</u>
Other Capital campaign	\$ 20,000 <u>3,311,787</u>	<u>\$2,581,326</u>
Total	<u>\$3,331,787</u>	<u>\$2,581,326</u>

Delaware Senate Bill #253, passed in 2014, granted the Organization undeveloped land for the construction of a Pet Adoption and Community Resource Center (the Center), subject to certain conditions. Those conditions have been met and, on October 25th, 2019, the Colonial School District deeded (for consideration of \$1.00) approximately 28 acres of land to the Organization. The Organization is legally permitted to use the new parcel only for a Pet Adoption and Community Resource Center, and for no other use. Without further legislative approval, the property cannot be subsequently sold or transferred, or used for a purpose other than a Pet Adoption and Community Resource Center. Due to these restrictions, a value pertaining to the granted land is not reasonably determinable and has not been recorded on the Organization's books. The qualitative value of this land means that the Organization has access to funds that would have otherwise been used to purchase land. The Organization has capitalized all costs incurred on the land in preparation of construction.

The Center will be a modern, spacious facility better suited to the Organization's mission and more accessible to the public. The Organization is currently raising funds, through its Building Compassion Capital Campaign (Capital Campaign), for the construction of the facility.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020 AND 2019

Note 11 - Related Party Transactions

During the years ended June 30, 2020 and 2019, the Organization did not receive unconditional promises to give from Board members or their affiliates. Unconditional promises to give from Board members or their affiliates included in contributions total \$99,837 and \$119,837 at June 30, 2020 and June 30, 2019, respectively. During the years ended June 30, 2020 and 2019, the Organization also was given notice of conditional promises to give from Board members or their affiliates totaling \$120,000 and \$-0-, respectively.

Note 12 - Subsequent Events

Management has evaluated all subsequent events through February 4, 2021, the date the financial statements were available to be issued.

During the year ended June 30, 2020, the Organization was notified that it was the beneficiary of a portion of a decedent's estate. The estimated value of the distribution is \$625,000. This distribution is not included in revenue for the year ended June 30, 2020 and will be recorded subsequent to year end once the probate period has expired.

Note 13 - Reclassification

Certain amounts in the 2019 financial statements have been reclassified to conform to the 2020 presentation.
